Screening Of *The Black Pirate* With Live Music By Alloy Orchestra; Costumes Encouraged

Clip Coupon On Page 13 To Save Money

Folks are invited to come in costume for a screening of the silent film swashbuckler, *The Black Pirate*, accompanied by the live, original music of Alloy Orchestra on Thursday, January 25th at 7:30 p.m. in the Main Theatre of the Redfern Arts Center at Keene State College. People who don't have a costume can grab a pirate hat, sword, or eye patch at the Pirate Costume Contest photo booth in the lobby before and after the show.

This is a rescheduled showing of *The Black Pirate*, which was canceled in October because of a power outage. People who hold a ticket to the October 27th performance can show that ticket at the door on January 25th. Tickets range from \$18 to \$25 and \$5 for KSC students. A \$2 ticket discount coupon is available in this paper and must be presented at the box office when purchasing a ticket. For tickets, call the Redfern Box Office at 603-358-2168 or order online at keene.edu/arts/redfern.

Folks who loved Disney's *Pirates of the Caribbean* won't want to miss seeing *The Black Pirate* starring Douglas Fairbanks, who Johnny Depp used as inspiration for the adventurous Captain Jack Sparrow. Boston's Alloy Orchestra returns to Keene with their original score for *The Black Pirate*, the first silent feature film ever made in color. Released in 1926, this exciting pirate adventure is considered silent film star Douglas Fairbank's greatest triumph. *The Black Pirate* is a swashbuckling romp featuring lavish sets, amazing stunts, and gorgeous color photography.

The Black Pirate is a fast-paced adventure on the high seas that features a mature Fairbanks at his swashbuckling best. The film contains two of Fairbanks' most memorable scenes: sliding down the sail

People are invited to come in costume for a screening of the silent film swashbuckler, *The Black Pirate*, accompanied by the live, original music of Alloy Orchestra. The trio's members are Roger C. Miller on synthesizer; Terry Donahue on junk percussion, accordion, saw, and banjo; and Ken Winokur on junk percussion and clarinet.

(Photo by Ivan Singer)

of a ship on the point of a knife, and the totally surreal attack of an underwater army. It is the first complete feature film ever shot in color. The antique "two-strip Technicolor" process used for the film is unlike anything else. The process, along with meticulously
