

# BEST ARTIST

## Light, Luminosity, Color, Spirit – The Paintings Of Mary Iselin

Mary Iselin is seen in her art studio working on an oil painting she's titled *Jubilation*. She has plans for this gorgeous piece to be displayed in a floating frame.

Since the Best of Monadnock Readers' Choice Awards originated, artist Mary Iselin has placed in the top three positions for Fine Artist six times – three of these placements were Gold (2013, 2018, and now 2022).

"It's really affirming to be the people's choice," Iselin says. "It is wonderful when it is a juried competition, as its affirmation from your peers. But I am thrilled that this is from just regular people, the community."

Iselin is a Marlborough resident and owner of Earth Haven Farm – the inspiration for the majority of her paintings of farm animals – sheep, horses, and cows. This professional oil painter's work is known for its light, luminosity, color, and spirit. You can see this in her paintings of little lambs, flowers in a garden, or her fantasy pieces – which depict magical settings using deep rich colors.
