

Saturday,
October 23
10 A.M. – 2 P.M.

Prescription Take Back Day
www.takebackday.dea.gov

If you don't properly dispose of the unused or expired prescription drugs in your home, they might find a new one.

**FREE and ANONYMOUS
NO QUESTIONS ASKED**

◆ **What you should bring:** Any prescription or over-the-counter medications, in solid form. Medications should be kept in their original containers. Black permanent marker may be used to make patient identifying information (name, address, etc.) completely illegible to protect privacy. The name of the medication should remain intact and completely legible. Please separate over-the-counter medications from prescription medications — preferably in separate bags/boxes. Medications can only be dropped off at these locations during designated hours.

◆ **What will not be accepted:** Illicit substances (marijuana, etc.), medications in liquid form, syringes or 'sharps' (due to potential hazard posed by blood-borne pathogens).

PERMANENT DISPOSAL LOCATIONS:
CHESHIRE COUNTY SHERIFF'S DEPARTMENT (M-F 8-4)
